ANNOUNCEMENTS.

I am a candidate for **COUNTY ATTORNEY** of Christian county subject to the action of the Democratic party. I am thoroughly acquainted with the law and duties of County Attorney having had considerable experience in said office. If elected I will make my office as efficient as you will be proud of. Jan. 29, 1894.
—
We are authorized to announce **GEORGE W. LONG** as a candidate for reelection to the office of **Mayor of Christian county**, subject to the action of the Democratic party.

The voting on the Wilson bill will begin Thursday.

The International Mid-Winter Exposition at San Francisco was formally opened Saturday.

George W. Childs, the great Philadelphia editor, is sick and has five doctors. Of course he will die.

Three passengers were killed by the explosion of a steam-heater in a railroad coach in Texas last week.

The Hiles Compulsory Educational bill was recommended Saturday and is not likely to emerge again from the committee.

The Weaver bill, making the ownership of real estate one of the qualifications of a Councilman in cities of the fourth class, has passed the House.

Emperor William and Prince Bismarck have made up their quarrel and actually sealed the reconciliation with a kiss. The make-up has caused great rejoicing throughout Germany.

After Gov. Mitchell's picture appeared in the papers, there was a well-grounded suspicion that he would not read his garments to stop the fight. He didn't look like that kind of a man.

They must have a queer sort of Democrats in Lebanon, Ky. The town Council, composed of Democrats, has elected Capt. Andrew Offutt, a Republican politician, as Mayor.

Senator Tyler has introduced a bill making seduction a felony, punishable by imprisonment in the penitentiary, unless the seducer marries his victim. It is substantially the law now in force in Illinois.

As heretofore indicated District Attorney Wm. M. Smith, who has entered upon the duties of his office, has recommended Arthur H. Wallace as his Assistant, hereby landing a Hopkinsville boy in a nice, soft place.

Judge Becker, of Clark, has introduced a bill making it unlawful to ring a bell on the streets. The young men of the Penryville District usually ring bells in paternal parlors and the Becker bill would seriously affect the matrimonial market in this end of the State.

Hon. W. A. Hulen, of Morgantown, is announced as a candidate for Congress in Goodnight's district. He was a delegate to the last National Convention. As Mr. Goodnight has been an invalid for two or three years, it is about time for him to retire and let the district select an able-bodied representative next time.

Two Circuit judges took a whack at the bank question last week. Judge Helm, of Covington, decided that banks in existence when the law changed can still operate under the Hewitt law. New banks are to be governed by the new law. Judge Cantrell, of Frankfort, decided the same question, taking a view exactly opposite, holding that the new revenue law repealed the Hewitt law. The cases will now go to the Court of Appeals for final adjudication.

Scraper's Magazine for February opens with one of the richest articles it has ever printed—a charming study of the work of Edward Burne Jones, by Mr. Cosmo Monkhouse, the distinguished English critic. Twenty of Mr. Burne-Jones' most striking designs and pictures are reproduced by this permission and that of their own. A number of sketches are here reproduced for the first time, and the whole series, with the accompanying text, gives an interpretation of the exquisite quality of this imaginative artist such as has never been published in a popular article.

Card of Thanks.
LAFAYETTE, Ky., Jan. 27, '94.—We desire, from the deep recesses of our hearts, to thank our friends of the Herndon and Howell families for their kindness at the unfortunate accident shooting of our little son and for his confinement in their hospital. We would mention especially the kindness of Messrs. Ira J. Herndon and G. W. Emery, who we will gratefully acknowledge as life savers.

CREAM OF NEWS.

He Broke An Arm.

Mr. R. P. Owsley, while out skating on Crab apple pond Friday afternoon, fell on the ice and broke one of his arms. Only the small bone was seriously injured. Dr. J. P. Thomas was sent for and rendered the necessary surgical aid and Mr. Owsley was getting along nicely at last accounts.

A Tramp Found Dead.

A few days ago a tramp, who claimed to be sick, left Paducah coming in the direction of this city. He walked up the railroad about eight miles, where he entered an old cabin and lay down on the floor. The next day he was found dead. He could not be identified and the citizens of the neighborhood took charge of the remains and had them buried.

Saved From Death by an Engineer.

Chas. Manion, a colored track walker on the O. V. railroad, was almost frozen to death while on duty last Wednesday. He was several miles from Princeton and was in the last stage of freezing when found. He was discovered by the engineer of the passenger train and brought to Princeton. He is in a very bad condition but will recover, it is thought.

A Child's Horrible Death.

Charlie P., the 5-year-old son of Mr. J. Manson Giles, who lives three miles south of the city, was so horribly burned last Friday morning that death resulted three hours later. The little fellow, it seems, was very fond of punching the fire with a poker and had gone up stairs where a fire had been built for a young lady who is employed as teacher at Mr. Giles'. In a few minutes he was heard to scream and was found lying upon the floor with the most of his clothing burned from his body. This occurred about 9 o'clock and the little fellow lingered in great agony until noon when he was relieved of his suffering by death.

Bitten By a Rat.

Mrs. Kate Jones, living in Trigg county, a few miles from Gracely, is in a very precarious condition if not dead from blood poisoning. About a week ago she took the cover from a flour barrel and as she did so a rat jumped out and bit her on the finger. The wound was a slight one and not much attention was paid to it until it began to pain her greatly and swelled immoderately. A physician was summoned, who pronounced it a case of blood poisoning, and at last accounts it was thought she could not possibly survive. She is a most excellent lady, and her affliction is learned with deep regret by her friends here.

Inspected The Asylum.

A sub-committee of the House committee on Charitable Institutions, consisting of Chairman W. W. Clear and Dr. A. D. James and Mr. Geo. P. Guillou, arrived here Friday at 10 o'clock and spent the day in inspecting the Western Asylum, leaving at 5:15 on the return trip to Louisville. They made a thorough examination of all of the buildings, inspected the various wards, the outbuildings, farm lands and improvements. They will be called upon to consider the advisability of increasing the asylum and some of the members of the committee express themselves in favor of an addition to the asylum here. It is to be hoped that the committee will recommend this very much needed action.

The Council Contest.

The Republicans have filed their threatened suit and will undertake to secure control of the City Council by establishing the unconstitutionality of the present city charter. It is well known that they have been preparing for this course for several months. Acting under legal advice, County Clerk Prosser refused to furnish ballots for the city election last fall and even refused to tell the council what course he expected to pursue in the matter. The council thereupon authorized the city clerk to issue ballots conforming to the election law as nearly as possible, and the ward elections were held as provided in both the old and the new charter. The Republicans nominated a ticket-at-large without authority of law, either in the general law or the charter, and went through the form of "electing" them at the county voting places, in the city limits. The Democrats refused to take any part in the farcical proceedings, and excepting in a few cases where the matter was not understood, no Democrats voted, although the names of the Democratic candidates were put on the county ballots without authority and over their formal protest. None of the forms of law under the charter were observed and the pretensions of the contestants are ridiculous in the extreme. They claim to have organized as a Council and they gravely charge the lawful Council with being usurpers, and pray the courts to turn the city government over to them. The case will be called in Circuit Court, which meets Feb. 26. The plaintiffs are C. M. Brown, F. L. Ellis, F. J. Brownell, G. W. Wiley, W. C. Wright and Alex. Gilliland, Mr. A. H. Anderson, of the Fifth ward, having decided to take his chances with the Democrats and so is not a party to the suit. He was on both new tickets and also a member of the old board. The style of the suit is C. M. Brown and others against R. H. Holland and others. The attorneys for the Republicans are Senator Landess, W. Downer and James Breathitt.

SENATE BILL NO. 77.

Mr. Landess introduced the following bill Jan. 13, which was read the first time and ordered printed, viz:

"An act to amend an act, entitled 'An act for the government of cities of the fourth class,' approved June 28, 1893.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That Section two (2) of the act mentioned in the title of this act be, and the same is hereby, amended and re-enacted so as to read as follows:

§ 2. The corporate powers of each city of the fourth class shall be divided into three distinct departments, viz: The legislative, the executive and the judicial, and no person, or collection of persons, being one of said departments, shall exercise any power properly belonging to either of the others, except as herein expressly directed or permitted. Each city of this class shall maintain its boundaries as now established by law until its boundaries shall be changed, and shall continue in this class of cities until it shall be transferred to another class, in pursuance of the following provisions:

1. The board of council of any city in this class, with the consent or agreement of any owner or owners of land lying outside of and adjoining the city limits, such owner or owners being competent to convey their lands, and such consent or agreement being in writing, executed and recorded as deeds of conveyance are required to be executed and recorded, may, by ordinance, extend the limits or boundaries of the city so as to include the land, or any part thereof, of such owner or owners within the limits of the city.

2. Whenever it shall be deemed desirable to annex any territory to a city in this class, or to reduce the boundaries thereof, the board of council of such city may enact an ordinance accordingly defining the boundary of the territory proposed to be annexed or stricken off, and such ordinance shall be published for not less than three weeks in a newspaper published in the city or county, the ordinance shall be advertised by handbills, to be posted for at least fifteen days at four or more public places in the city, and at the same number of the most public places within the territory proposed to be annexed or stricken off, as aforesaid. Within thirty days after the enactment and publication or advertisement of such ordinance, a petition may be filed in the circuit court of the county within which such city may be situated, in the name and on behalf of the city, setting forth the passage and publication or advertisement of such ordinance, and the object and purpose thereof, together with an accurate description, by metes and bounds, of the territory proposed to be annexed to or stricken from the city, and praying for a judgment of the court to annex said territory to or strike same from the city, as the object may be. If no defense be made within ten days after the commencement of the term of the court to which the proceeding shall be had, the court may render a judgment annexing or striking off the proposed territory, as the object of the proceeding may be. But in ten days after the commencement of the term of the court to which such proceeding shall be had, any one or more of the residents or free holders of the territory proposed to be annexed or stricken off, may file a defense in said proceeding (or the time of making defense thereto may be extended by the court in the exercise of a reasonable discretion), setting forth reasons why such territory, or any part thereof, should not be annexed to the city, or why the limits of the city should not be reduced. The case shall be tried by the court as a case in equity, but the proof may be oral. If the court, upon the hearing, be satisfied that less than seventy-five per cent of the freeholders of the territory sought to be annexed or stricken off have remonstrated against the proposed extension or reduction, and that the proposed extension or reduction of the limits of the city, as the case may be, will be for the interests of the city, and will cause no material injury to the owners of real estate in the limits of the proposed extension or reduction of the limits, it shall so find, and the proposed extension or reduction shall be decreed or adjudged. But if the court shall find otherwise, the judgment shall be adverse to the proposed extension or reduction, and in that event, no further effort to annex or strike off territory as proposed in such ordinance, and proceeding shall be made within one year after the judgment. Costs shall follow the judgment, and either party may appeal from the judgment in such a proceeding to the Court of Appeals. If the judgment in such proceeding be in favor of the city, it shall be certified to the board of council and entered on the records of the board, and the board may thereupon annex to or strike from the city the territory described in the judgment, and such territory shall become or cease to be a part of the city, as the case may be, provided the circuit court shall not have jurisdiction of such proceedings unless the required publication or advertisement of the ordinance proposing the extension or reduction of the limits of the city contains a notice of the proposed proceeding in such court, proof of which publication or advertisement may be made by affidavit filed in the proceedings.

3. When it shall be ascertained from the last Federal census, or from a census or enumeration made in pursuance of an ordinance of the board of council of any city of the fourth class, that the population of such city exceeds the number made at Nashville in 1880, and that the population of such city exceeds the number made at Louisville in 1880, and that the population of such city exceeds the number made at Lexington in 1880, and that the population of such city exceeds the number made at Frankfort in 1880, and that the population of such city exceeds the number made at Paducah in 1880, and that the population of such city exceeds the number made at Owensboro in 1880, and that the population of such city exceeds the number made at Bowling Green in 1880, and that the population of such city exceeds the number made at Clarksville in 1880, and that the population of such city exceeds the number made at Hopkinsville in 1880, and that the population of such city exceeds the
